ABOUT US

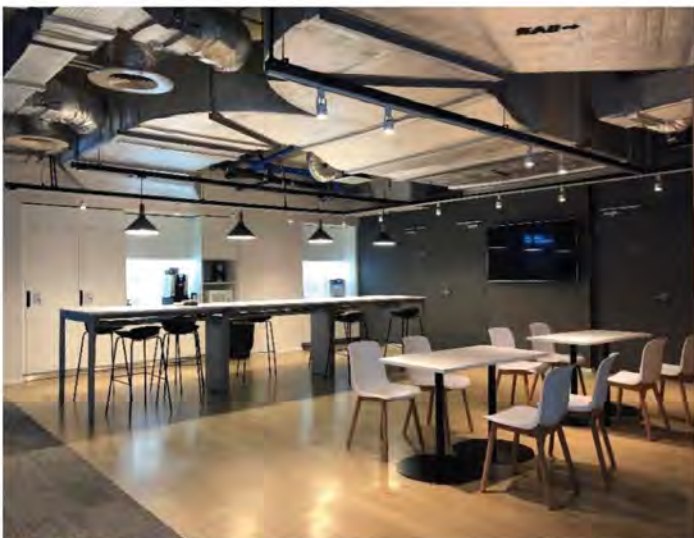

Projexasia is a general contracting company specializing in interior fit-out design and build projects. Whether we are working on small, bespoke works, or a large-scale project, our focus is on setting the standard for interior services. Central to this is our commitment to consistency which help us to deliver predictable outcomes for our Clients, regardless of their building type, location or the sector in which we operate. We transform empty space into our Client's vision. Our teams have delivered bespoke interiors for some of the worlds most successful and well-known organizations in their respective fields. Working with their consultants, or interpreting their brief to deliver an interior project, our collaborative approach has resulted in the successful delivery of projects for our Clients.

THE PROJEXASIA DIFFERENCE

The best results come from the best people. Our experienced and knowledgeable design and construction team combine a creative edge with a thorough, pragmatic approach to our Client's project, whatever the size. We believe that open communication is the key to great working relationships. So at Projexasia, we are committed to maintaining a dialogue with our Clients at every stage of a project. We listen carefully to what each Client wants and develop solutions that deliver their vision within budget and timescale. We set the bar high, aiming for nothing less than 100 percent satisfaction. That's why we appoint a senior and experienced professional Project Manager to every project, dedicated to ensuring that all aspects of the project run smoothly from initial briefing to final handover.

DESIGN

Our multi-disciplinary design team can capture the spirit and uniqueness of a space and approach each project with a fresh perspective. As well as having excellent technical skills, our designers possess excellent communication and presentation skills to ensure that no matter the type of project, our Clients' can expect unparalleled service and a seamless process. We combine our creative and professional expertise with the latest technology coupled with a global design approach to produce value added design.

IN-HOUSE BUILDING MATERIALS PRODUCTION

Projexasia strives to continually develop a fully integrated service by investing in facilities for the in-house production of architectural products. We have several building product manufacturing workshops for joinery, mechanical (HVAC) and GRG/GRP moldings. This ensures consistent program dates and efficient budget management.

Our Joinery division (Hannah Group Inc.) represents experience, technology and quality with the capability of producing kitchen cabinets, wardrobes, vanity units and decorative architectural products on a large scale using our computerized machinery including CNC routers.
